## INSTALLATION INSTRUCTIONS

## Accessories

Do's

Use soft cloth & warm water for Cleaning

Use seat cover as per given options only, in case of additional external attachment in the seat cover, it will be out of warranty

Allow free falling in soft close seat cover for better performance

Don'ts

Do not use any wired brush or acidic cleaner for cleaning of the seat cover

Do not use external jet spray nozzels in seat cover where, it is not provided in-built from the company

Do not push seat cover while closing, it will damage the soft closing mechanism

Do not place hot material like cigarette or matches on the seat cover
